

township of sables-spanish rivers business success awards

The Economic Development Committee of the Township of Sables-Spanish Rivers endeavors to celebrate the success and growth of small, medium and business in our community.

Excellence inspires - Let us celebrate our community's economic development with a resounding celebration of business successes! Begin by nominating or self-nominating your favourite business for our Business Success Award; let us recognize and celebrate their success and achievement with our community.

Do you know of a business going above and beyond for its customers? Would you like to help welcome a new business to town? Do you know of a local business that has done an exceptional job of marketing itself and, by extension, the region? Would you like to highlight a unique business idea that few know about? Has a company you respect made an important improvement to their storefront or interior operations?

Anyone can nominate or self-nominate a deserving business they feel has recently made significant contributions to local economic development. Awards will be given out as they are received and reviewed. Recipients receive a certificate to post in their business, a profile on the municipality's website and a congratulations in the Around & About.

Your Name: _____

Your Email: _____ Phone Number: _____

Name of Business: _____

Name of Owner (if known): _____

What has this business done to warrant a nomination? Please be specific and limit your reasons to improvements and limit your reasons to improvements and growth made within the last year.
