COUNCIL REPORT

COUNCIL MEETING: March 12th, 2025

AGENDA GROUP: A

DEPARTMENT: Administration

AUTHOR: S. McGhee, Coordinator of Infrastructure
SUBJECT: General Contractor RFP Outcome

BACKGROUND:

The draft RFP for a Municipal Facility General Contractor was introduced to Public Works Committee and Council. At the Regular Meeting of Council held February 12th, 2025, the following Resolution was passed:

Motion No. 2025-035 Moved By: T. CRABS Seconded By: M. HOBBS

BE IT RESOLVED THAT the Coordinator of Infrastructure be directed to prepare an RFP for Municipal General Contractor:

AND THAT a recommendation on submissions received be forwarded to Council for consideration. **CARRIED**

Following the resolution, the RFP, which was set to close of February 28th, was released. In total, three (3) responses were received by the 11:00 am deadline. The respondents were Freddie's Authentic Builds, Ryan Bax (Lathem), and Meier Construction Ltd.

The RFP responses were analyzed and scored based on the following criteria:

- o Company Profile;
- Services Offered;
- Specialized Equipment;
- o Professional Associations;
- Quotation Price (Hourly);
- o Availability;
- o and, References.

All respondents supplied sufficient information to allow for a thorough evaluation. Each bid was reviewed and evaluated individually. This exercise consisted of a score being applied to the responses given for the above noted criteria. Following this, a total score was awarded for each submission and a successful bid was determined based on the highest overall score.

RELATED POLICY:

Procurement Policies and Procedures Bylaw No. 2022-27

STRATEGIC PLAN:

This purchase aligns with **Goal No. 5 – EFFECTIVE- MUNICIPAL GOVERNANCE AND OPERATIONS** by supporting the following initiative(s):

- Strategic Direction No. 4 (A comprehensive review of existing policies and bylaws to ensure efficiencies)
 - Action Item "Investigate new methods to provide efficient and effective service to the public."

BUDGET IMPLICATION:

Costs associated with this initiative will be funded utilizing operating and capital budget resources as approved by Council in the 2025 budget once adopted.

RECOMMENDATION(S)/OPTIONS:

Staff is recommending the following Resolution of Council be passed:

BE IT RESOLVED THAT the Council of the Township of Sables-Spanish Rivers award the General Contractor RFP to Meier Homes Ltd. for the 2025 budget year;

FIRE & EMERGENCY SERVICES COMMITTEE MEETING REPORT

February 3, 2025

MEMBERS PRESENT:

Councillors: Mike Mercieca; Merri-Ann Hobbs

Firefighters: Hunter Chartrand; Cassandra Goodchild; Matthew Mailloux; Michael Mailloux;

Robert Mailloux, Connor St. Michel

Ratepayer: Gib Medve

Fire Chief: Terry Chartrand Clerk: Anne Whalen

MEMBERS ABSENT:

Jeffrey Burke, Firefighter; Ed Landriault, Ratepayer; Todd Fremlin, Ratepayer

The meeting commenced at 6:30 pm with Gib Medve joining via Zoom.

The Committee elected Councillor Mike Mercieca as Chairperson. Anne Whalen will act as Secretary.

Chief Chartrand gave a verbal report on the department. There have been six calls for service in the month of January, 2025.

Station 1 – there has been a swap of trucks between stations. #415 is gone and #425 is at Station 1

Station 2 – Bunker room has been completed.

Station 4 – Exhaust system was installed in 2024 and seems to be working well.

Station 5 - #450 is being stored here as well as any outdated bunker gear. There are some structural issues with Station 5 – Chief Chartrand to meet with CBO Jeff Lapierre to discuss what is needed to repair the building.

At the end of December there were 29 active volunteers/officers on the department.

Upcoming fundraising events include a Valentine's Day dance as well as a Mother's Day breakfast.

The training program is moving along well with the training staff and members.

The committee members were provided a copy of the Township's Procurement Policy. It was stressed that everyone is expected to follow this policy as it relates to Purchase Orders and approvals.

Discussion took place on the operating budget with year-to-date actuals for the period ending December 31, 2024 being provided to the committee. Adjustments to vehicle repairs & maintenance budgets were made as well as discussion on building maintenance. Station 5 will need a hole patched in the floor. Station 2 requires plumbing repairs as well as some drywall to be replaced. Quotes are to be obtained for the work required on the Stations for budgetary purposes.

The Honorariums were discussed and suggested they be increased to match a full officer complement. This will be kept as projected to align with those already assigned/appointed to those roles.

The training budget was increased as mandatory training will require courses that cannot be done inhouse. Allowance for travel and accommodations was increased as well to support out of town training.

Discussion on the two grants which were approved:

- Community Emergency Preparedness Grant Communications upgrade. We received approval in the amount of \$50,000 for upgrades to the radio system for the fire department.
- Fire Protection Grant Bunker Gear and Flash Hoods. We received approval in the amount of \$32,921.80 to purchase newly designed bunker gear and flash hoods which aid in the protection against cancer.

An updated inventory of all bunker gear is to be compiled. This will determine how many suits are needed to ensure each fire fighter has one set of gear. This will aid in expanding the inventory so that an additional set of gear is available for each member of the department. Eliminating the different coloured bunker gear for different ranks will assist in gear being available for anyone that needs a set. It was suggested that different coloured helmets would be just as effective.

A brief discussion took place regarding the structure of the department. It was suggested that Lieutenants be appointed to assist the Captains with their duties. There is no honorarium associated with this role.

This will be discussed in more detail at the next meeting.

Meeting Schedule – next meeting March 10, 2025 at 6:30 pm in the Council Chambers, 11 Birch Lake Road.

The meeting was called to order at 1:30 p.m.

- City of Greater Sudbury Council motion dated January 21, 2025, re: appointment of Natalie Labbée to the Board of Health for Public Health Sudbury & Districts
- Thank you letter to René Lapierre from the Acting Medical Officer of Health and Chief Executive Officer dated February 13, 2025

The Board Chair announced that N. Labbée has been appointed by the City of Greater Sudbury to the Board of Health for Public Health Sudbury & Districts, replacing Pauline Fortin. N. Labbée extended her regrets for today's Board meeting.

Board of Health Unapproved Minutes – February 20, 2025 Page 2 of 10

Today is R. Lapierre's last Board of Health meeting. He was thanked for serving as the Board of Heath Chair for Public Health Sudbury & Districts for 10 years and a letter of recognition is included in the agenda package.

2. ROLL CALL

3. REVIEW OF AGENDA/DECLARATIONS OF CONFLICTS OF INTEREST

The agenda package was pre-circulated. There were no declarations of conflict of interest.

4. DELEGATION/PRESENTATION

i) Recruitment and Retention

- Troy Haslehurst, Manager, Human Resources, Corporate Services Division
- Julia Demianiuk, Human Resources Officer, Corporate Services Division

Troy Haslehurst, Manager of Human Resources and Julia Demianiuk, Human Resources Officer were invited to co-present regarding recruitment and retention at Public Health Sudbury & Districts.

Similar to other organizations, Public Health Sudbury & Districts is facing market challenges including shortages and increased demand for talent. PHSD is experiencing skill gaps as baby boomers retire and exit the workforce. Greater competition in the labour market is impacting employee retention. Budget constraints and economic uncertainty, particularly for publicly funded organizations, compound recruitment challenges.

COVID-19 also had a substantial staffing impact on the agency's staffing with an increase in hiring and turnaround. The staffing complement surged in 2021 and 2022, before declining in 2023 when recovery work began to transition its COVID-related efforts to regular program work.

Challenges currently being faced include competing demands for health professionals, recruitment challenges due to difficulties in matching or exceeding total compensation packages such as relocation allowance. There has been an increase in employees moving on to job opportunities with other organizations or retiring earlier than expected. Staff leaves have increased requiring recruitment of temporary staff.

The multiple strategies being implemented or maintained to address the recruitment and retention challenges and to ensure PHSD is an employer of choice were summarized.

Questions and comments were entertained, and it was noted that these challenges are also being experienced in other public health units, including in the north. It was clarified that executive search firms have and continue to be used at times when agency recruitment

Board of Health Unapproved Minutes – February 20, 2025 Page 3 of 10

efforts are not producing desired candidates for specific roles. Trends are also monitored, including through exit interviews and cultural surveys.

It was clarified that PHSD collaborates and has strong connections with educational institutions and there is good work undertaken through the Chief Nursing Officer, Professional Practice Manager and robust professional development program as well as student placement programs.

In response to a question regarding trends with retirements such as whether unplanned retirements happen consistently, it was noted that an operational Policy and Procedure is being restored post-pandemic and reports will resume being shared regularly with senior management.

The presenters were thanked.

vi) Items of Information

a. Letter from alPHa Chair to the Minister of Finance regarding 2024 Pre-Budget Submission: Public Health Programs and Services, dated January 20, 2025

M.M. Hirji noted that the Joint Board/Staff Accountability Working Group is responsible to review draft Accountability Monitoring reports including annual Accountability Monitoring Reports. One of the Board members on the Joint Board/Staff Accountability Working Group is R. Lapierre and with his resignation effective following today's Board of Health meeting, a Board of Health member replacement is being sought. Anyone interested is invited to email

Board of Health Unapproved Minutes – February 20, 2025 Page 4 of 10

the Board Chair or Board Secretary.

M.M. Hirji provided highlights from the virtual alPHa Winter Symposium and the Council of Ontario Medical Officers of Health (COMOH) section meeting he attended February 12 to 14, 2025. He shared an example of resulting collaboration in that a PHSD staff who presented at the Symposium has been contacted by another health unit with a request to share our work.

In advance of the provincial election, the PHSD awareness campaign highlights the importance of sustainably funding local public health efforts. M.M. Hirji added that continues to communicate the importance of public health in all appropriate forums and audiences and encouraged Board members to raise awareness about and speak of the value of Public Health.

In response to an inquiry, it was noted that a presentation on Artificial Intelligence will be made at a future Board of Health meeting once the project work has advanced. It was shared that the needle/syringe program is tracking stats and work is underway to have the data posted to phsd.ca for the public and to greater transparency. Additional information was provided regarding the increase in flu cases this year and risk of reassortment.

11-25 APPROVAL OF CONSENT AGENDA

MOVED BY LAPIERRE— PARENT: THAT the Board of Health approve the consent agenda as distributed.

i) Accountability Monitoring Report

- Briefing Note from the Acting Medical Officer of Health and Chief Executive Officer to the Board of Health Chair dated February 13, 2025
- 2024 Accountability Monitoring Report
- Public Health Sudbury & Districts Overview of Planning and Reporting

In November 2023, the Board of Health approved the 2024–2028 Strategic Plan for Public Health Sudbury & Districts and directed the Medical Officer of Health to operationalize the Plan, ensuring regular monitoring reports to the Board of Health. The Public Health Sudbury & Districts 2024–2028 Accountability Monitoring Plan, which was approved by the Board of Health in April 2024, outlines this monitoring process. The Monitoring Report is shared yearly with the Board of Health and with other stakeholders such as staff and community.

On February 4, 2025, the Joint Board of Health/Staff Accountability Working Group met to review the draft 2024 Accountability Monitoring Report and provided comments and

Board of Health Unapproved Minutes – February 20, 2025 Page 5 of 10

direction to finalize the report for submission to the Board of Health. As a member of the Working Group, R. Barclay summarized questions and clarification that were entertained at the Working Group meeting regarding the Accountability Monitoring Report that is included in today's agenda package for the Board of Health's information. R. Barclay was thanked for his engagement and staff thanked for the final report and accompanying briefing note.

ii) Part VIII - Ontario Building Code Fee Increases

- Briefing Note from the Acting Medical Officer of Health and Chief Executive Officer to the Board of Health Chair dated February 13, 2025
- Revised Board of Health Manual G-I-50 By-law 01-98 and Schedule A

Public Health Sudbury & Districts is mandated under the *Ontario Building Code Act* (S.O. 1992 c. 23), to enforce the provisions of the Act and the Building Code pertaining to sewage systems. Under the authority of the *Ontario Building Code Act*, Public Health Sudbury & Districts collects fees for Part VIII (private sewage system permits) and services in order to recover all costs associated with administration and enforcement of the Act.

The current user fees have been in place and not increased since 2018. Since 2018, there has been substantial inflation in the broader economy which has similarly increased costs to deliver this program. Per budget discussions, the proposed fee increases are recommended to address these increasing program operation and delivery costs and bring Sudbury & Districts fees into line with those in other Northern Ontario health units.

In accordance with *Building Code* requirements, Public Health Sudbury & Districts has notified all contractors, municipalities, lawyers, and other affected individuals of the proposed fee increases and conducted a public meeting on January 29, 2025, to discuss the proposed changes. The notification process has now concluded with no concerns having been reported.

Questions were entertained and it was clarified that although the recommendation includes a comprehensive review of fees conducted once every five years for the Board's approval, there will be an annual adjustment in accordance with the rate of inflation. The Board has full authority to set fees and a recommendation to further adjust rates can be brought at any time while following the public consultation process that would include the Board's final approval.

M.M. Hirji reviewed proposed revisions to amend program user fees to continue to administer the Part VIII (Sewage System) *Ontario Building Code* program on a cost-recovery basis.

12-25 AMENDMENT TO THE FEE SCHEDULE FOR SERVICES UNDER PART VIII OF THE ONTARIO BUILDING CODE AND TO BOARD OF HEALTH MANUAL BY-LAW 01-98

MOVED BY BARCLAY - TESSIER: WHEREAS the Board of Health is mandated under the Ontario Building Code Act (S.O. 1992 c. 23), to enforce the provisions of this Act and the Building Code related to sewage systems; and

WHEREAS program related costs are funded through user fees on a cost-recovery basis; and

WHEREAS the proposed fees are necessary to address current program associated operational and delivery costs; and

WHEREAS in accordance with Building Code requirements, staff have held a public meeting and notified all contractors, municipalities, lawyers, and other affected individuals of the proposed fee increases, with no concerns having been reported;

THEREFORE BE IT RESOLVED THAT the Board of Health approve the amendments in Part VIII-Ontario Building Code fees as outlined within Schedule "A" to Board of Health By-law 01-98, and

FURTHER THAT the Board of Health direct staff to plan to adjust Part VIII – Ontario Building Code fees on an annual basis in accordance with the rate of inflation, with a comprehensive review of fees conducted once every five years, for Board of Health consideration.

iii) Ontario Building Code – By-Law 02-02

Revised Board of Health Manual G-I-60, By-law 02-02

M.M. Hirji noted that this proposed by-law revision is housekeeping in nature. We are required to name the person who is responsible for the Chief Building Official role and, due to a retirement, the by-law is being updated to reflect the employee in the role.

13-25 BOARD OF HEALTH MANUAL – AMENDMENT TO BY-LAW 02-02

MOVED BY NOLAND – BRABANT: WHEREAS changing personnel requires updates to this by-law,

BE IT RESOLVED THAT the Board of Health approve the proposed revision to By-Law 02-02.

CARRIED

Board of Health Unapproved Minutes – February 20, 2025 Page 7 of 10

> Briefing Note from the Acting Medical Officer of Health and Chief Executive Officer to the Board of Health Chair dated February 13, 2025

M.M. Hirji recapped the infrastructure modernization initiative at 1300 Paris Street building that the Board approved in 2020 to address aging infrastructure in a then 48-year-old building. The infrastructure modernization initiative addressed the second and third floors at 1300 Paris Street. Not within scope of the project were the district offices in Chapleau, Manitoulin Island, and Espanola, nor did the ground floor of 1300 Paris Street.

The modernization initiative in 2020 was extensive and the Board had authorized the transfer of up to \$11 million from its Reserve Funds to the operating budget as the budget for infrastructure modernization. The ultimate expenditure for infrastructure modernization was under budget at \$9.625 million, \$1.375 million less than the Board's authorized budget for this project, and remaining funds were maintained in the reserves for future needs.

The infrastructure in Espanola and Manitoulin District Offices, including paint and flooring, has aged and deteriorated and it is recommended that this work be completed. In addition, colour schemes, naming, and logos needs to be updated to reflect the organization's updated branding.

With experience gained in using the redesigned spaces at 1300 Paris Street, some collaborative spaces have not been successful and get limited use, while other spaces have been extremely well-used and have greater demand. With a better understanding of the needs of hybrid workplaces and the spaces needed to support that work, additional space modifications are recommended for 1300 Paris Street, particularly converting unused open collaborative spaces to smaller, closed offices and meeting rooms to match patterns of work. Reconfiguration of the Indigenous cultural space is also recommended to address limitations that has precluded its use for meetings as well as to provide ventilation for smudging.

The Board's support is sought to transfer up to \$879,000 from the Reserve Funds to the operating budget to offset expenses related to the supplementary infrastructure modernization projects. It was noted that Public Health Sudbury & Districts will submit a capital funding application to the provincial government for District office infrastructure improvements and if successful, we will use this funding to offset the costs.

Questions and comments were entertained, and M.M. Hirji provided an overview of the reserve funds noting that the Board of Health has established reserve funds and will ensure critical work on infrastructure does not impact municipal levies. It was also clarified with

Board of Health Unapproved Minutes – February 20, 2025 Page 8 of 10

the allocation of the recommended \$879,000 in this briefing note, the reserves would remain at 9 weeks of cash flow.

In response to a question about recent flood damage, it was clarified that funding has already been allocated to fix a pipe under the parking lot at 1300 Paris Street this spring. Broader renovations to L1 are not recommended at this point in time.

The district office renovations will be approx. \$150,000 and the main office renovations approx. \$729,000.

M.M. Hirji noted that there is a fulsome communication plan and staff will continue to be kept updated.

14-25 INFRASTRUCTURE MODERNIZATION PROJECTS: RESERVE FUNDS

MOVED BY ANDERSON – MASOOD: THAT the Board of Health, per By-Law G-I-70, authorize the transfer of up to \$879k from the Reserve Funds to the operating budget to offset expenses related to the supplementary infrastructure modernization projects.

v) Board of Health Manual

- Board of Health Manual By-law 04-88, G-I-30
- Board of Health Manual By-law 01-93, G-I-40

The proposed revisions were reviewed. G-I-30 reflects the recording and posting of delegations that took effect January 2025.

Proposed revisions to G-I-10 formally outlines the delegation of Board Chair approval for MOH/CEO all expenses, including credit card expenses.

15-25 BOARD OF HEALTH MANUAL – AMENDMENTS TO BY-LAW 04-88 AND BY-LAW 01-93

MOVED BY LAPIERRE – PARENT: THAT the Board of Health, having reviewed the revised by-law 04-88 and by-law 01-93, approve the contents therein for inclusion in the Board of Health manual.

vi) Unlearning & Undoing White Supremacy and Racism Project – Unlearning Club Launch

- Briefing Note from the Acting Medical Officer of Health and Chief Executive Officer to the Board of Health Chair dated February 13, 2025
- Invitation to the March 21, 2025, Unlearning Club launch event

Board members were reminded that the Unlearning Club is a structured, 18-month learning journey that reflects the Board's commitment to transformative action. The Board has

Board of Health Unapproved Minutes – February 20, 2025 Page 9 of 10

committed to monthly self-guided learning and closed group discussions. The Unlearning Project includes three additional components that make up the total of the project structure including cultural competency training, foundational obligations to Indigenous Peoples Series and Thinking Intersectionally Series.

The Unlearning Club will officially launch on March 21, 2025. To mark the beginning of this important journey, the launch event will be held in ceremony at 1300 Paris Street in the Ramsey Room, led by Nokomis (Grandmother) Martina Osawamick, followed by a feast to mark the occasion together. All Board members are invited to attend the event. The launch event is an essential part of the overall learning experience for the staff as well as Board of Health members for Public Health Sudbury & Districts. Each Board of Health member is encouraged to attend the March 21 ceremonial launch of the project.

7. ADDENDUM

None.

8. ANNOUNCEMENTS

M. Signoretti was pleased to share that, in alignment with the Board of Health motion #41-21 Calling for the Selection of Indigenous Municipal and Provincial Appointees for Board of Health for Public Health Sudbury & Districts, on February 18, 2025, the City of Greater Sudbury Council agreed to appoint an Indigenous representative as one of the City of Greater Sudbury appointments on the Board of Health to fill a vacancy resulting from R. Lapierre's resignation. The City of Greater Sudbury will receive applications from Indigenous persons in the community and a representative will be appointed to the Board by the City's Nominations Committee.

M.M. Hirji announced that a meeting with indigenous partner communities will be held on Manitoulin Island and the meeting is being aligned with the June 12 Board of Health meeting date. The meeting with Indigenous partners will be held in the late morning and following lunch, the regular June Board of Health meeting will be held. Joint transportation is being explored. Board members are asked to hold June 12, 2025, in their calendars.

Board members are encouraged to complete the Board of Health meeting survey.

There is no regular Board meeting in March; therefore, the next regular Board of Health meeting will be held on Thursday, April 17, 2025, at 1:30 pm

Board members and senior managers are invited to stay for the celebration to thank R. Lapierre for his ten-year commitment as Board of Health Chair.

2024 Fourth Quarter Activity Report February 20, 2025

The following is the most recent consolidated Quarterly Report that the DSB will be sending to member municipalities and posting on the public website. Expect Quarterly Reports in February, May, September, and November of each year.

The program statistics are provided separately and updated monthly. They are available on the website by clicking the following link: <u>Monthly Program Statistics</u>

CAO Overview

The DSB 2024 Fourth Quarter (Unaudited) Financial Report was presented to the Board and projects a year-end municipal **surplus of \$742,804.** Ontario Works, Children's Services, are forecasted to be on budget. Community Housing is forecasted to be under budget by \$510,159. Non-Urgent Patient Transfer Service is forecasted to be under budget by \$624. Paramedic Services is forecasted to be over budget by \$523,468. Interest revenue on non-reserve accounts is forecasted to be \$755,489 more than budgeted.

The DSB quarterly financial reports are available on the DSB website by clicking the following link: Quarterly Financial Reports

Paramedic Services

Paramedic Services Recruitment

Paramedic Services continues efforts to improve recruitment of personnel. The actions implemented in 2024 have proven to be positive in that this last quarter has allowed for the hiring of 6 new paramedics.

Staff have met with students in the local colleges to advocate for interest in a career with MSDSB. There will be an estimated 7 students enrolled for their final residency and conditional employment for Q1 2025.

Funding Opportunities

In the fall of 2024, the province of Ontario <u>announced</u> that they were planning to invest more than \$32 million dollars into mental health support for first responders. While this investment I obviously welcomed, there are more than 70,000 first response personnel in Ontario. Staff are preparing submissions for access to this investment and expect that the project requests will be released in early 2025.

<u>Correspondence</u> was received from Ontario Health on October 7, 2024 notifying the DSB of both one-time and annualized funding increases to be used for provision of the Community Paramedic program. Increases for one-time funding in the amount of \$3,719 and base funding of \$21,073 have been allocated for use during 2024-25. Staff will continue to work with Ontario Health and all other funding partners to improve program evolution.

Paramedic Services Response time Standards Planning Report

Paramedic Services staff presented the <u>2025 Response Time Standard (RTS) Plan</u> to the Board in October 2024. This plan was accepted by the Board and subsequently submitted to the Ministry of Health. Given the significant effort underway to evolve Paramedic Services in 2025, staff maintained the RTS Plan at the 2024 levels, with an option to amend the plan in-year. The RTS Plan is felt to be achievable and sound.

Contract Negotiations

Manitoulin-Sudbury DSB successfully negotiated a 4-year collective agreement with OPSEU in the fourth quarter of 2024. The contract has included significant changes to the operation of the service and will help the evolution of service delivery and scope of practice within the system. The new Collective Agreement now permits the expansion of Advanced Care Paramedics and Float positions in the DSB.

Community Paramedicine (CP)

Recruitment of a Commander of Community Paramedicine Programs was posted in the fourth quarter with an anticipated onboarding in early 2025. Staff continue to work with partner agencies to expand the program success. Work continues to introduce increased CP scope of practice.

Non-Urgent Patient Transportation Service (NUPTS)

The nonurgent patent transfer service continues to grow despite challenges with staffing. Work is being done with partners and the Ministry of Health to refocus funding models to better reflect the community needs and realities of regional health care.

Children's Services

The Manitoulin-Sudbury District has 20 licensed child care locations, including 14 center-based sites within schools, one community-based center, and five licensed home child care sites. During the fourth quarter, 552 children were enrolled in child care services, with 457 paying full fees and 95 receiving subsidies. This represents a 3% increase from the previous quarter and a 1% decrease compared to the same period last year, likely due to home child care closures and staffing challenges. Special Needs Resourcing supported an average of 56 children, from infants to school-age, during the fourth quarter, showing a 4% increase compared to the same quarter last year.

In the fourth quarter, EarlyON programs welcomed 3065 visits from parents/caregivers and children. These services are provided through various means including mobile, virtual, and outdoor programs. This represents a 33% increase from the previous quarter.

Child Care Worker and Early Childhood Educator Appreciation Day

October 24th, 2024 marked the celebration of the 24th annual Child Care Worker and Early Childhood Educator Appreciation Day. This day served as an opportunity to honor and acknowledge the exceptional dedication, hard work, and commitment of those who work with young children. The theme for this year, "Worth More," underscored the profound impact these professionals have on our communities.

This day is annually proclaimed by the Ontario Coalition for Better Child Care (OCBCC), the Canadian Union of Public Employees (CUPE), municipalities and school boards across Ontario. It is widely observed by child care centres, unions, and community allies throughout the province.

Ontario Child Care and Early Years Funding Guidelines

The <u>Ontario Child Care and Early Years Funding Guidelines for 2025</u> have been shared with staff, with the final release of the <u>Local Priorities and EarlyON Child and Family Centre Guidelines</u> in November. These updates will guide planning and service delivery.

Ontario Works

In the fourth quarter, the Ontario Works/Temporary Care Caseload average was 462. Compared to last year at this time, the caseload has increased by 0.9%.

Centralized Intake

The Manitoulin-Sudbury District Services Board (DSB) received 104 applications in the fourth quarter. Of the 104 applications received, 35 were auto-granted by the Intake and Benefits Administration Unit (IBAU), 26 were referred by the IBAU to the Manitoulin-Sudbury DSB for processing, 14 were transfers from another Ontario Works office, 22 were for Emergency Assistance which is completed online and sent to the local office for processing, and 7 applications were processed at the local office rather than being referred to Centralized Intake as certain applications are not yet being processed by the IBAU.

The initial goal of Centralized Intake was to have 70% of applications completed by the IBAU. During the fourth quarter, 34% of applications were completed by the IBAU.

Policy Changes to Support Centralized Intake

On December 20th, the Ministry of Children, Community and Social Services (MCCSS) advised that the Manitoulin-Sudbury District Services Board had been selected, along with 9 other sites, for implementation into the expanded Centralized Intake model effective January 27th, 2025.

In these 10 areas, the ministry will be responsible for initial eligibility decisions, including authorization of initial payments, and notifying applicants. Full implementation across the province will be completed in 2025.

Employment Ontario

The Employment Services (ES), Youth Job Connect (YJC), and Youth Job Connect Summer (YJCS) programs continue to be advertised and delivered from the Chapleau office. From October to December 2024 there were 10 new intakes for Employment Services.

Quality Assurance

During the fourth quarter, the Quality Assurance Coordinator for the Child Care and Ontario Works programs supported local service provider networks, professional development initiatives, and continued active community engagement. These efforts have directly contributed to the ongoing development of the Child Care and Ontario Works programs.

The Quality Assurance Coordinator served as the primary contact for the Child Care and Early Years IT Modernization project, which began in October 2024. The project initially focused on improving the child care search and application process, with later phases addressing fee subsidies, financial management, and EarlyON services.

Continued support was provided to Pedagogical Leads, Childcare Supervisors, and Local Service Provider Networks, helping set goals and initiatives to support children, families, and educators ensuring the ongoing development and delivery of quality services.

In alignment with organizational goals, the Quality Assurance Coordinator facilitated internal professional development sessions focusing on Employment Services Transformation (EST) topics. The sessions included an overview of key concepts such as the Common Assessment, Action Plan, and a recap of EST, preparing staff for the rollout of these initiatives in 2025.

The Quality Assurance Coordinator joined the Indigenous Service Provider Network supporting the ability to meet the needs of Indigenous communities, ensuring culturally sensitive approaches and the integration of Indigenous perspectives in service provision.

In collaboration with the Integrated Human Services Manager and Administrative Assistant, the Quality Assurance Coordinator contributed to planning and executing the delivery of food hampers and holiday gifts to over 150 households on Manitoulin Island. This initiative, supported by community donations to Manitoulin Family Resources, ensured that families in the community had access to essential resources and children's gifts during the 2024 holiday season.

During this last quarter, the Quality Assurance Coordinator for housing and homelessness continued to focus on streamlining internal processes and on collaboration with Paramedic services to ensure more effective workorder processes.

In November the Quality Assurance Coordinator was a panellist at the National Addiction Awareness Conference (NAAW) hosted on Manitoulin Island to present information on the By Name List and how it correlates with addiction using local data.

The DSB continues to prioritize participation from all the communities within our catchment area to support the By Name List. As of December 31, 2024, there were a total of 28 households/32 individuals on the By Name List. Lower numbers are not an indication of a decrease of homeless individuals in our communities, rather a result of limited participation by community partners in the By Name List to identify, refer and track individuals in their communities without permanent housing.

It is important to stress as we enter the winter season that of these 32 actively homeless individuals, 3 of them identified as being unsheltered with no emergency shelter services available in our district.

Community Housing

There were 697 applications at the end of the 4th quarter. The applicant breakdown is as follows:

1 Bedroom	517		2 Bedroom	81	
3 Bedroom		54	4 bedroom		45

Staff continue to identify and complete the application process with eligible applicants for the Direct Shelter Subsidy (DSS) program. All applicants receiving the benefit are deemed housed. As of the end of this quarter there were 212 active DSS recipients. At the end of Q3 of this year there were 225 recipients and at this time last year there were 203.

Per DSB Policy, every effort is being made where the waitlist allows us to mix the Community Housing Buildings with RGI, Affordable and Market Rent Tenants. As of Dec 31, 2024, we have successfully housed 28 market rent tenants and 137 affordable rent tenants. This represents 9% and 46% of our portfolio respectively and shows an increase of 1 Market rent and a decrease of 3 affordable rent from last quarter. Comparably, at this time last year, we reported 23 market rent tenants (8%) and 122 affordable (41%)

As of the end of the 4th quarter of 2024, 226/295 of the portfolio's units are designated as Smoke-free. This represents 76% of the full portfolio currently. Units are designated as turnover occurs or should the current resident choose.

Canada-Ontario Housing Benefit (COHB)

On September 26, 2024, the Ministry of Municipal Affairs and Housing provided communication confirming our allocation for the COHB program for the 2024-25 year.

The Manitoulin-Sudbury DSB's allocation for this year is \$74,200 or approx. 18 new households. Currently approximately 55 households in the DSB area are already receiving the COHB benefit.

This year, Ontario is waiving this requirement for households that hold a Special Priority status under the Housing Services Act. This means verified Special Priority households can remain on a social housing waitlist even if they accept a COHB benefit.

This approach aligns with the intent of the Special Priority Policy, which is to help ensure that housing is not a barrier to an individual leaving a situation of abuse for trafficking.

Ministry of Municipal Affairs and Housing – Investment to Support Homelessness

On December 13th the Ministry of Municipal Affairs and Housing issued a <u>memo</u> providing more details regarding protecting community safety and making additional investments to further support homelessness prevention and provide people living in encampments with access to alternative accommodation.

The investments included a \$5.5 million top-up to the Canada Ontario Housing Benefit to immediately free up shelter spaces for those living in encampments to move people from shelters to longer term housing. A \$20 million investment to expand shelter capacity and create additional temporary housing to provide people living in encampments with accessible alternative living options and \$50 million in last-mile funding for ready to build long term affordable housing projects across the province.

The minister stressed that the expectation is that the funding be tied to clearing out encampments. The funding is being provided to municipalities that demonstrate their commitment to and show results in winding down encampment sites.

The focus of the funding is to support the urgent expansion of shelter capacity by providing funding to support the creation of additional alternative emergency accommodation.

The last mile funding which is intended to speed up supportive housing projects that are in advanced stages of construction where additional funds would lead to faster completion. Business cases for this funding opportunity are due January 10th, 2025.

The intention of the funding is to end visible encampments, Manitoulin-Sudbury DSB staff met with the Board and shared that they are not aware of visible encampments but do recognize that there are many individuals living in precarious, unsafe and unsuitable situations.

The board directed staff to write a letter to Minister Paul Calandra expressing concern about the eligibility criteria of this funding and communicated that the funding was targeted to large urban areas and does not consider what homelessness looks like in rural communities.

Capital Projects with Housing Services Corporation

The Chapleau landscaping project is now complete. In the spring of 2025 roof replacements will be done in Webbwood, Massey and 1 of the Marguerite Street units, the request for quotes has been released for engineers to bid. We will be completing structural upgrades to 60 Barber in the spring, engineer assessments have been completed.

The 70 Barber Street Make Up Air unit replacement project has been postponed until mid-March due to the contractor experiencing shipping delays on the unit.

The abatement testing portion of the Mindemoya window replacement project has been completed with negative results and the windows have been ordered.

Work Orders

During the fourth quarter a total of 214 Work Orders were generated: 175 for Community Housing; 5 for Administration Offices, and 34 for Paramedic Services. 128 Work Orders were closed or resolved during that time. (Work orders are closed if the work is done inhouse, or when the invoice is paid from an outside source). There were also 4 work orders for unit turnovers, all for apartments.

Canada-Ontario Community Housing Initiative (COCHI)/Ontario Priorities Housing Initiative (OPHI)

Out of the 12 projects that were planned for 2023/2024 funding, all but 1 have been completed, this is due mainly to project changes and shipping timeline for parts. An extension was requested for this project as it will not be completed by the March 2025 deadline.

There are 3 projects planned for 2024/2025 funding, 1 of which is already completed.

Upgrades

All buildings have been inspected for energy efficiency by CLEAResult and have been approved for various upgrades, such as insulation, window/door caulking, and/or new fridges. The 210 Mead Blvd and 347 Second Ave administration buildings have had their rooftop units and new air conditioning units replaced. The St. Charles entrance and hallway flooring has been upgraded with new tile and carpet on both floors and the Gore Bay common room is undergoing a full upgrade with expected completion by early February.

Re: O. Reg. 170 Section 11 & Schedule 22 Annual Reporting under SDWA

O. Reg 387 Section 9 Annual Reporting under OWRA

For the Massey Water Treatment Plant

Waterworks No.: 220003500

Dear Anne Whalen;

Attached are the 2024 Annual and Summary Reports for the Massey Water System. The Reports are based on information provided by Operators as of January 31, 2025 in accordance with Section 11 and Schedule 22 of O. Reg. 170/03, under the Safe Drinking Water Act. A confirmation of submission of the PTTW reporting, as required by O.Reg 387, is included as part of the report.

Please note that any Orders that you have received directly from the MECP or any major expense incurred by the Municipality which is not listed should be reviewed and added to the report.

As per Schedule 22 of O. Reg. 170/03, this Summary Report is to be provided to the members of the municipal council no later than March 31, 2025. Please ensure this distribution.

Section 12 of O. Reg. 170/03, requires both the Summary Report and the Annual Report be made available for inspection by any member of the public during normal business hours, without charge. The reports should be made available for inspection at the office of the municipality or at a location that is reasonably convenient to the users of the water system.

Sincerely,

Kpec

O.Reg 170/03 Schedule 22 Summary Report
O.Reg 170/03 Section 11 Annual Report
&
O.Reg 387/04 Annual Record of Water Taking

Prepared by the Ontario Clean Water Agency For The Corporation of the Township of Sables-Spanish Rivers

Drinking-Water System Number: 220003500

Drinking-Water System Name: MASSEY DRINKING WATER SYSTEM

Drinking-Water System Owner: The Corporation of the Township of Sables-Spanish Rivers

Drinking-Water System Category: Large Municipal Residential

SECTION 1: INTRODUCTION

This document is prepared in accordance with Section 11 and Schedule 22 of O.Reg.170/03 under the Safe Drinking Water Act and with Section 9 of O.Reg.387/04 under the Ontario Water Resources Act. The reports are prepared by the Ontario Clean Water Agency. Acronyms and definitions can be found at the end of the report.

A copy of the Summary Report must be provided to the members of the municipal council by March 31, 2025.

SECTION 2: REQUIREMENTS OF THE REPORTS

Schedule 22 Report

The report must list the requirements of the Act, the regulations, the system's approval and any order that the system <u>failed to meet</u> at any time during the period covered by the report. It must also specify the duration of the failure, and for each failure referred to, describe the measures that were taken to correct the failure. For the purpose of enabling the owner of the system to assess the rated capability of their system to meet existing and future planned water uses, the following information is required to be included in this report:

- A summary of the quantities and flow rates of the water supplied during the period covered by the report, including monthly average and maximum daily flows.
- A comparison of the summary to the rated capacity and flow rates approved in the systems approval.

Section 11 Report

The annual report must contain the following:

- A brief description of the drinking water system and a list of chemicals used by the system.
- A description of any major expenses incurred during the period covered by the report to install, repair or replace required equipment.
- A summary of all adverse water quality incidents (AWQI) reported to the Ministry
- A summary of corrective actions taken in response all AWQIs
- A summary of all test results required under the regulation, under an approval, municipal drinking water licence or order, including an OWRA order.
- A statement of where a Schedule 22 report will be available for inspection.

The report must be prepared not later than February 28 of the following year.

Regulation 387 Report

On or before March 31 in every year, every holder of a permit to take water (PTTW) shall submit to a Director the data collected and recorded for the previous year.

A record of annual water taking can be found in Appendix A.

SECTION 3: SCHEDULE 22 REPORT

Flows - Treated

In accordance with the Municipal Drinking Water License (MDWL), the Massey WTP shall not be operated to exceed a maximum daily volume of 1500 m3/d to the distribution system.

The daily treated water maximum flow was 810.00 m3 in August and represents 54.0% of capacity. In 2024, the total volume of water sent to the distribution system was 146,521.1 m3

The quantity of treated water supplied during the reporting period **did not** exceed the rated maximum capacity.

Flows - Raw

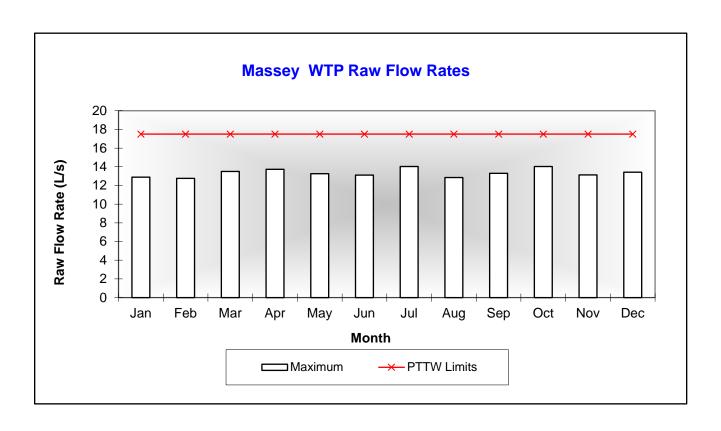

Daily raw maximum instantaneous flow is stated in the PTTW at a maximum rate of flow of 17.5 L/s and a maximum daily volume of $1500 \text{ m}^3/\text{d}$.

The average monthly raw water flow for this reporting period was $462.31 \text{ m}^3/\text{d}$. The maximum daily flow was $902 \text{ m}^3/\text{d}$ representing 60% of water taking limits. In 2024, the total volume of water taken from the environment was 168.768.5 m3

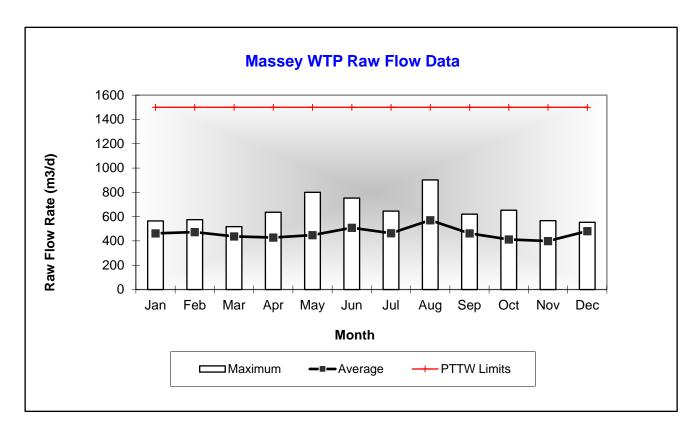

The quantity of raw water taken **did not** exceed the limits stipulated within the PTTW.

Facility Description

A proprietary high rate sedimentation treatment unit, rated at 1500 m3/d and housed in the water treatment building, consisting of coagulation, ballasted sand flocculation and sedimentation in a high rate (31 m3/m2/h) plate sedimentation tank, two cell dual media filter, micro sand injection and recirculation systems, hydro cyclones for sludge/sand separation and backwash pumps and air blowers. There are five chemical dosing systems: pH adjustment, alkali adjustment, polymer addition, sodium hypochlorite addition and poly aluminum chloride addition. There are two vertical turbine high lift pumps each rated at 17.4 L/s and two vertical turbine backwash pumps each rated at 49.1 m3/min. Sludge is handled with a waste holding tank, sludge thickening tank and two sludge pumps each rated at 7.0 L/s. The thickened sludge is hauled away for disposal, while the supernatant returns to the Aux Sables River.

SECTION 5: RAW WATER SUBMISSIONS

Raw water flows were submitted to the Ministry on January 16, 2025.

SECTION 6: CONCLUSION

The Massey WTP delivers water that, in all its treated and distribution samples, indicates the water to be free of bacteriological contamination.

Based on information available for the 2024 operating year, the Massey WTP was able to meet the demand of water use without exceeding the PTTW or the MDWL

Re: Webbwood Lagoon 2024 Annual Report

Dear Anne Whalen;

Attached is the 2024 annual report for the Webbwood Lagoon. This report is completed based on the information we have in our records in accordance with current standards.

A copy of the report has been submitted to the Ministry of the Environment for their records.

If you have any questions or concerns, please contact me at 705 936 6713 or email at nwagar@ocwa.com

Best regards,

Annual Operating Report

ECA 2601-5R8PGN Issued September 30, 2003

January 1, 2024 – December 31, 2024

Prepared by the Ontario Clean Water Agency For The Corporation of the Township of Sables-Spanish Rivers

SECTION 1: INTRODUCTION

The Ontario Clean Water Agency (OCWA) acts as the operating authority for the Webbwood wastewater treatment. This document is prepared by OCWA in accordance with Environmental Compliance Approval (ECA) #2601-5R8PGN. The report is required to include the following information:

- (a) A summary of all monitoring data, including an overview of the success and adequacy of the works:
- (b) A description of any operating problems encountered and corrective actions taken;
- (c) A summary of all maintenance carried out on any major structure, equipment, apparatus, mechanism or thing forming part of the works;
- (d) A description of efforts made and results achieved in meeting the effluent objectives of condition no.6;
- (e) A summary of any complaints received during the reporting period and any steps taken to address the complaints;
- (f) A summary of all bypass, spill or abnormal discharge events.

SECTION 2: Description of Facility

Capacity of Facility: 340.7 m³/d

Service Area: Town of Webbwood

Service Population:

Effluent Receiver: Gough Creek

Major Process: Facultative Lagoons

Facility Classification: Wastewater Treatment Class 1

Collection Classification: Collection Class 2

SECTION 3: Executive Summary

The lagoons did not require release during the spring seasonal discharge period.

The lagoons did not require release during the autumn seasonal discharge period.

The total raw sewage flow into the lagoons for the year was calculated to be 35,203 m³.

SECTION 4: Process Data

The facility operator collects grab samples of raw sewage and sends them to an accredited laboratory for analysis. Raw flows are measured through a flow meter.

Raw (Influent) Sampling							
Parameter	Frequency	requency Method		Results			
raiailletei	rrequericy	Wethou	Min	Avg	Max		
CBOD ₅ (mg/L)	Monthly	Grab – External Analysis (Lab)	67	144.6	307

TP (mg/L)	Monthly	Grab – External Analysis (Lab)	2.55	4.31	6.43		
Flow (m ³ /d)	Daily	Flow Meter	64	96.24	267		

The facility operator collects effluent samples twice a week during discharge and sends them to an accredited laboratory for analysis. Effluent volumes are estimated by measuring drawdown levels and total volume of cell.

	Treated (Effluent) Sampling					
Parameter	Frequency	Method				
CBOD ₅	Twice a Week During Discharge	Grab – External Analysis (Lab)				
TSS	Twice a Week During Discharge	Grab – External Analysis (Lab)				
TP	Twice a Week During Discharge	Grab – External Analysis (Lab)				
TAN	Twice a Week During Discharge	Grab – External Analysis (Lab)				
TKN	Twice a Week During Discharge	Grab – External Analysis (Lab)				
Nitrate	Twice a Week During Discharge	Grab – External Analysis (Lab)

рН	Twice a Week During Discharge	Grab – External Analysis (Lab)				
E.coli	Twice a Week During Discharge	Grab – External Analysis (Lab)				
Flow	Daily During Discharge	Estimated				

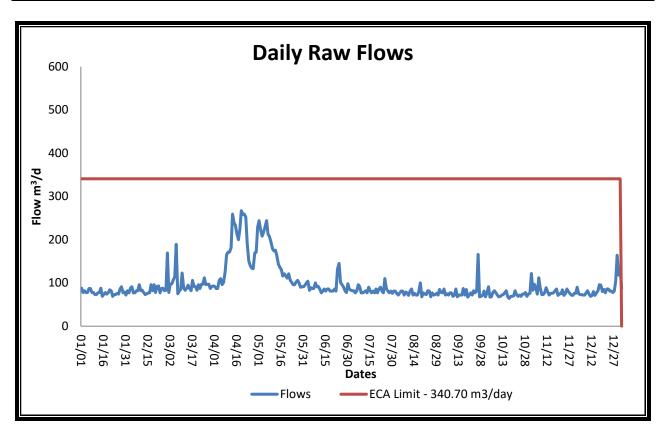

Compliance limits are based on seasonal averages for effluent concentrations. In addition, the discharge must be essentially free of floating and settleable solids and does not contain oil or other substance in amounts sufficient to create a visible film or sheen or foam or discolouration on the receiving waters. Only those monitoring results collected during the corresponding time period shall be used in calculating the average concentration.

2020	42,435.3	115.94	483	34%

The annual average flows measured into the sewage lagoon did not exceed the specified rated capacity of the facility.

The average raw daily sewage flows (96.24) were approximately 28% of the rated capacity. The highest recorded peak flow occurred in May with a peak rate of 267m³/d and was approximately 147% of the rated capacity. Peak flows recorded throughout April and May are attributed to the spring freshet.

The total raw sewage flow into the lagoons for the year was calculated to be 35,203m3.

The lagoons were not discharged in 2024

Based on the above monitoring program and sampling records, the sewage works provided adequate treatment and remained within the required average daily flows.

SECTION 5: Facility Upsets & Non Compliances

There were no spills, overflows or non-compliances reported for 2024.

SECTION 6: Maintenance

Plant maintenance is monitored using a Work Management System (WMS). Maintenance reports are attached as Appendix A. There was no major maintenance completed in 2024.

Sables-Spanish Rivers Public Library Meeting Minutes January 27th, 2025, at 6 PM – VIA ZOOM

Board Chair: Ursula Robinson, Board Secretary: Jolie Bianchin, Board Member: Kathy Moore, Board Member: Kevin Burke, Board Member: Sue Christiansen, Board Member: Rachel Maville, Board Member: Stacey Wagler, Board Member: Denise Trenamen, Library CEO: Tracey VanDerGulik

Regrets: Board Member - Merri-Ann Hobbs

1. Meeting to be Called to Order at 6 pm.

2. Statement of Indigenous Respect & Acknowledgement:

We would like to begin by acknowledging that the land on which we gather is the traditional territory of the Sagamok Anishinaabe People. We are dedicated to honoring Indigenous history and culture and are committed to moving forward in the spirit of reconciliation and respect. May we respectfully honor the voices of the Anishinaabe and ensure they are represented in our collections, programs, and services.

5. Approval of December Board Meeting Minutes & Agenda.

Be it **RESOLVED** that the SSRPL Board Motions to accept the December 12th, 2024, Library Board Minutes; and the January 27th, 2025, Meeting Agenda. **MOTION** by: Kevin Burke. **SECONDED** by Sue Christianson **CARRIED - 2025-01**

6. Business Arising from the Minutes

6.1. User Fee Increase Update. Going rate - similar to what we charge.

New Rates: 2025

- Twenty-five cents/page
- Color \$1/page.
- Double-sided will be considered two pages (still using ink)

- \$2/inch for vinyl
- Card stock is \$.25/sheet.
- Library card \$3 replacement fee
- \$1/sheet for lamination
- Membership fees no increase. \$20 for the year. \$10 for 6 months. No late fees.

Discussion:

Not charging for late fees does not have a negative effect. Patrons are returning the books.

6.2. AODA Training Update.

All members have been added—staff have been asked to take the courses by the end of February 2025.

6.3. Board member online training update.

- 9. New Business.
- 9.1. Welcome returning Sables Spanish Rivers Library Board member.

Welcome back to Denise Trennamen.

9.2 Winter Maintenance Salt - Patrons are communicating that the walkways and parking lot are still slippery/slushy. Public works has been contacted. Ice melt is being used. It does not get rid of ice it turns it to slush. With Salt, it dissolves it. Additionally, the employees are responsible for shoveling the walkway. We need clarity if this is an employee responsibility or a maintenance crew.

Discussion:

Environmental considerations to consider with using salt vs ice melt. When comparing salt (typically referred to as "rock salt") to ice melt, the main advantage of salt is its lower cost, while ice melt generally performs better at lower temperatures, is less corrosive to surfaces like concrete, and can be safer for plants and pets, though it usually comes at a higher price point; both can damage surfaces if used excessively.

Salt (Pros):

- **Cost-effective:** Significantly cheaper than most ice melt options.
- Readily available: Easily accessible in most areas.
- Quick initial melting: Provides immediate traction on ice and snow.

Salt (Cons):

- Limited temperature range: Less effective at very low temperatures.
- Highly corrosive: Can damage concrete, metal surfaces, and vegetation over time.
- Potential for environmental impact: Can harm plants and contaminate waterways when runoff occurs.

Ice Melt (Pros):

- Lower corrosive impact: Generally, less damaging to concrete and other surfaces compared to salt.
- Effective at lower temperatures: Can melt ice in colder conditions than salt.
- **Pet and plant-friendly:** Some ice melt formulas are designed to be safer around pets and plants.

Ice Melt (Cons):

- **Higher cost:** Typically, more expensive than rock salt.
- May require more frequent application: Can sometimes melt slower than salt, requiring more frequent reapplication.

Conclusion: Continue to use Ice Melt until further notice.

ACTION: Kevin Burke will discuss with the Webbwood contractor regarding shoveling and the use of salt/ice melt.

9.3 Massey Custodian Recruitment

An employee is stepping down from the custodian role (Massey branch). CEO looking into locating someone 3 hours per week.

PLANNING APPLICATION STAFF REPORT

File No(s): Zoning Bylaw: ZBA25-001 Owner(s)/Applicant(s): Robert & Francine Martel

Date Rec'd by Twsp. January 24, 2025 **Date of Public Meeting:** February 26, 2025

UPDATE - Post Public Meeting:

Attached is correspondence from Mr. Robert Halliday, OLS who provides information regarding the survey conducted on this property. This is in support of Mr. Martel's application for reduced setback.

Also attached is correspondence from Stewart Title indicating they will ensure coverage to Mr. Martel to satisfy the Order to comply by the CBO. Should the eaves need to be altered, this will be completed in a timely manner.

It is recommended that Council amend Resolution 2025-058 to remove the requirement of an additional survey. Council cannot require the adjacent landowner to obtain a survey as this application is presented by Mr. Martel. Any dispute over the property line will be a civil matter between the two property owners.

Since there is no agreement to provide a lot addition, it is recommended that Council make a decision on this file at this time.

Proposal:

The amendment being proposed is to allow for a site-specific reduced interior side yard setback in the Resource Recreation zone. The attached application was received for property located at 100 I Buckmiller Road, Massey. The applicant is proposing a reduced interior yard setback of 0.11m (0.36ft) to accommodate an existing addition to a dwelling.

The applicant has been required to provide a survey prepared by a professional surveyor to confirm the proposed 0.11m (0.36 ft) setback. The survey confirms that the body of the building is 0.11m (0.36 ft) from the property line, however the eaves on the dwelling do cross the property line.

Official Plan:

Section 4.10 Resource Recreation District

Provides for seasonal residential uses.

Zoning Bylaw:

Section 5.6 Resource Recreation

- Seasonal residential uses are permitted.
- The established interior setback with shoreline frontage is 4m or 13.1 ft (Bylaw 2020-41).

Circulation / Agency Consultation:

- Around & About February 4, 2025
- Adjacent landowners; 120 metres
- Applicable agencies

Project No. 243096

Robert Martel P.O. Box 1036 Massey, ON P0P 1P0

RE: Survey Services for Boundary Survey: Part 1, Plan SR-214 and Part 1, Plan 53R-11494 Being Part of Lot 10, Concession 3, Township of Harrow; PIN 73424-0035

Dear Robert:

In accordance with your instructions, we are pleased to confirm completion of the field and office involvement essential in completing a boundary retracement of your property.

Throughout the project, information was obtained from historical records within our office and local surveyors offices, as well as title documentation held in the local Land Registry Office.

During the course of our field survey investigations on November 1th, 2024, the three survey monuments marking the corners of Part 1, Plan 53R-11494 were located and verified to be in their original positions. The monument along the west boundary of Part 1, Plan SR-214 was found but had obviously been bent so was not considered reliable as boundary evidence. Since this boundary was not of concern to you the monument was not re-established. The monument along the east boundary had been removed (we were told this had happened when the tree root it was located in was excavated, and the monument was unintentionally removed along with the tree root). While on site on November 1 the crew turned the angle shown on Plan 53R-11494 and placed two new monuments and a few wood markers along this boundary.

Upon their return to the office we reviewed the survey I had done on the same land in 2007 under Halliday Surveying project H8259. The sketch prepared for that project did not show angles or bearings but the AutoCad file from that field work indicated an angular difference of 13 minutes of arc as compared with Plan 53R-11494. Based on this more recent survey data the crew returned on November 4 to revise the survey monuments and wood stakes in accordance with that 2007 survey, which was considered to best evidence of the location for this boundary.

Tulloch also performed a survey of one of the nearby parcels in 2020, which found and measured to the NE corner of Part 1, Plan 53R-11494 as well as the remaining monuments for the parcel being surveyed at that time (PIN 73424-0028). Your neighbour who owns the parcel in between (PIN 73424-0027) contends that we should have measured from the monuments along the west boundary of PIN 73424-0028 and set his width over to properly re-establish the boundary between him and you. This would not be an appropriate way to re-establish this boundary however, because the older surveys in this area

appear to have been poorly done compared to modern standards and numerous and substantial differences in measurements have been identified by all surveys in the area, as far back in time as 1988 when Plan 53R-11494 was conducted. For instance, on Plan 53R-11494, OLS Keatley shows that although the plan which created this parcel indicates parallel sideline bearings, Keatley found the east boundary to be 12 minutes of arc different from the west boundary. For these reasons I believe that the angular measurement data from Halliday Surveying Project H8259 is the best available evidence for the east boundary of Part 1, Plan SR-214, and we have re-established it accordingly.

There are two sheds on your parcel that slightly overhang the boundary; the more northerly by 0.1m and the more southerly by 0.3m. The corner of the sleep camp (previously shown as a wood shed on the 2007 survey) is over the boundary by 0.8m. Your neighbour has two sheds close to the line: his most northerly is clear of the boundary and the SW corner of his more southerly shed is coincident with the boundary. He also has a brick retaining wall which meanders back and forth across the boundary by varying amounts.

This boundary survey has been completed in accordance with the Surveys Act, the Surveyors Act, and the regulations made under them, as well as Ontario legal precedent.

Thank you for the opportunity to provide you with this service, and should you have any questions or require any additional information, please do not hesitate to contact us.

Sincerely yours,

Robert D. Halliday, O.L.S, C.

RE: Survey Services for Boundary Survey: Part 1, Plan SR-214 and Part 1, Plan 53R-11494 Being Part of Lot 10, Concession 3, Township of Harrow; PIN 73424-0035

Dear Robert:

In accordance with your instructions, we are pleased to confirm completion of the field and office involvement essential in completing a boundary retracement and plan of the east boundary of your property at Lacloche Lake. The field work was based on a previous field survey conducted for you on November 4, 2024.

The crew was on site again on February 5, 2025, and found and re-measured to the three survey monuments along the east boundary as well as to the NW corner of your land, and all measurements agreed well with those previously made. Measurements were then made to all buildings and other built-features in close proximity to the boundary of concern.

The dwelling, garage, cabin and two sheds are all located within the land held under PIN 73424-0035. However, the eaves of the dwelling extend across this boundary by 0.27m. The retaining wall in this vicinity (which is for the benefit of your land) is also partially located on the adjoining land to the east. Closer to the lake, there is a stone retaining wall which is associated with a mini-putt area belonging to your neighbour, and this retaining wall extends a small amount onto your land

This boundary survey has been completed in accordance with the Surveys Act, the Surveyors Act, and the regulations made under them, as well as Ontario legal precedent.

Thank you for the opportunity to provide you with this service, and should you have any questions or require any additional information, please do not hesitate to contact us.

Sincerely yours,

Robert D. Halliday, O.L.S., C.L.S

Robert and Francine Martel 100i Buckmiller Road #11 Massey, ON P0P 1P0

Dear Mr. and Ms. Martel:

Re: Insured(s): MARTEL, Francine / MARTEL, Robert (the "Insured")

Address: 100i Buckmiller Road #11, Massey, ON

Policy No: O-7763 1594608 (the "Policy")

Claim Inquiry No: S024 0086493-24

In our letter to you dated January 10th, 2025 Stewart Title has confirmed coverage is available for the Order to Comply, order number OTC 2025-02 (the "Order"), for an the addition built without a permit.

As part of the investigation to resolve the issue and satisfy the requirements of the City, Tulloch, professional land surveyors, were retained to complete an up-to-date survey. The survey has confirmed that the dwelling, garage, cabin and two sheds are within your boundaries. However, the eves for the dwelling extend across the boundary by 0.27m.

Stewart Title has confirmed coverage for satisfying the Order. Should the eaves need to be altered or removed, Stewart is committed to having it completed in a timely manner.

An adjusting company, Crawford and Company, have been assisting in resolving the claim. The survey and related information are being forwarded to Crawford and Company to have the necessary remediation completed to the satisfaction of the Municipality.

Sincerely,

Stewart Title Guaranty Company Per:
